

Carsten Schemberg at the regional forum greentech OSTFRIESLAND

06.12.2017 15:55

On Tuesday, November 28, 2017 Carsten Schemberg was guest speaker at the regional forum greentech OSTFRIESLAND. At the meanwhile fourth regional forum the organizers and around 50 company representatives met at the “Energy-, Education- and Experience Center (EEZ) in Aurich, Germany to exchange about the topic energy efficiency networks.

The development of new energy efficiency networks is also the aim of the federal government. Until 2020, 500 networks should be initiated for the support of the energy efficiency.

The aspect behind these networks is to act with lasting effects in the interest of the environment and at the same time saving costs in the company. The regional forum in Aurich dealt on this day with questions about the foundation of energy efficiency networks, aspects of support and the exchange of experiences between the companies in this area.

In his guest lecture, Carsten Schemberg reported to the audience in an informative and entertaining way about the network work of the Theodor Schemberg Einrichtungen GmbH, which has been certified since 2006 over and over again by “Ökoprofit”.

“Customers want sustainable suppliers and employees love sustainable employers”, emphasized Schemberg.
